

# Engineering Slideshow

## **Slide 1:**

Engineering

Mr. Frogue

Project Lead the Way Engineering empowers students to develop and apply in-demand skills by exploring real world challenges on a daily basis.

## **Slide 2:**

Engineering

Ethan Phan

The engineering program at Covina High has really allowed me to dive deeper into my passion with Robotics and Engineering. Being a part of the pathway has taught me a lot, but I have also been able to expand and use my skills more by participating in the competition team, which was a really fun experience.

## **Slide 3:**

Engineering

Robert Jones Ortiz

Covina's engineering program has been one of my favorite and most memorable experiences throughout high school. This program means the world to me, as it brought me closer to my peers and taught me plenty of useful skills for the future.
