

**COVINA-VALLEY
UNIFIED SCHOOL DISTRICT**

ANNUAL NOTIFICATION GUIDE

2020-2021

NOTIFICATION OF PARENTAL RIGHTS AND RESPONSIBILITIES

California Education Code (EC) 48980 requires school districts to annually notify parents of their rights and responsibilities with respect to a number of topics. Additionally, Education Code 48982 requires that schools collect assurance from parents that they have been made aware of how to access the information contained in the Notification of Parental Rights and Responsibilities.

AB 1012 NOTIFICATION FORM

Under Assembly Bill (AB) 1012 and Education Code sections 51228.1 and 51228.2, in order for a student to be assigned to a course period without educational content or to repeat a course in which they have earned a “C” or better, the following requirements must be met:

- The student’s parent/guardian and/or the student (if the student is 18 years or older) has given written consent by signing a consent form;
- The principal has determined the student will benefit from the course;
- The principal has stated in a written document maintained at the school that no students are assigned to those courses unless the school has met the conditions specified; and
- No student is assigned to one of these courses because there are not sufficient curricular offerings for the student to take during that particular period of the day.

This form serves as a notification to student who is enrolled in one of the three comprehensive high schools in the Covina-Valley Unified School District and to their parents/guardians of the conditions under which a student in grades 9-12 can be assigned to a “course period without educational content” for longer than one week in any given semester or can be assigned to repeat a course he or she has already satisfactorily completed.

ACCEPTABLE USE OF TECHNOLOGY

EDC 51006. The Legislature finds that the increasing integration of computers and computer technology into our economy has profound implications for our society, and equally important implications for state educational policy. The Legislature also finds that the methods of distribution of computer resources in the public schools will have a substantial effect upon the state’s ability to meet the economic, political, and social challenges of the new technological era. Without adequate and early exposure to a basic computer education and computer resources, many students may be placed at a significant disadvantage in their opportunities to secure success in academics and the job market in the future. As females compose 51 percent of the student population in the state’s public elementary and secondary schools, and ethnic minorities constitute over one-third of that population, it is imperative that California adopt a policy to ensure equitable access to technological education programs.

EC 48980. Students enrolled in District programs or activities must follow District guidelines and procedures regarding acceptable use of technology. All students and their parents/guardians shall electronically acknowledge or sign and submit the District’s Acceptable Use of Technology Agreement prior to using District technological resources. Violation of this policy may result in disciplinary action and the loss of the privilege to use the technology and/or civil or criminal liability.

Written notice must be submitted to the school if the parent or legal guardian wishes to deny access to this information.

EC 48980(b)/EC 58501/58505/51225.3. Parents of any student may request the governing board of the District to establish an alternative school program in the District. Requirements for graduation and alternative modes for completing the prescribed course of study are available in the high school counseling office. (see attachment EC 58501)

ANIMAL SCIENCE

EC 32255 et. seq. Any pupil with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform his or her teacher of the objection. Objections must be substantiated by a note from the pupil's parent or guardian. A pupil who chooses to refrain from participation in an education project involving the harmful or destructive use of an animal may receive an alternative education project, if the teacher believes that an adequate alternative education project is possible.

ATTENDANCE OPTIONS

EC 48980. The District currently provides comprehensive educational programs for school-age children enrolled in kindergarten and grades one through 12. These programs are available on a limited basis as determined by Board Policy through statutory attendance options to students who reside outside District boundaries. Current statutory attendance options and local attendance options available to District students are:

EC 48200, 48204, 48204.3 Residency: A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located. A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order. Covina-Valley Unified School District has also deemed a pupil as having complied with the residency requirements for school attendance in the school district if one or both parents or legal guardians of the pupil are physically employed within the boundaries of the school district for a minimum of 10 hours during the school week.

EC 35160.5(b) Intradistrict Open Enrollment: Allows parents to request enrollment in a school that has been declared to have additional space. Choice option is available for students whose parents or guardians currently reside within District attendance boundaries, who request admission to schools with openings. Selections are based on a random, unbiased selection process. Additional information and application forms for schools with openings are available from the District or school office in March each school year. Students who are a victim of bullying shall be allowed an intradistrict permit to transfer if space is available at the same grade level. If there is no "intra-district" space to attend, the student may seek an "inter-district" permit to another district without any delay in release from the home district, but it does not guarantee entrance to an outside district. The process to enter another school district will be according to the desired district's transfer policies. A "victim of an act of bullying" means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. "Bullying" means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate

in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

EC 46600 Interdistrict Attendance: The parent or legal guardian of a pupil may seek release from the school district of residence to attend a school in any other school district. School districts may enter into agreements for the interdistrict transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an interdistrict transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled. A student who has completed grade 10 by June 30, may remain enrolled within the district of enrollment through grades 11 and 12 without any revocation from the desired district, and must be treated the same as any other resident student.

Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an interdistrict permit release when no intradistrict permit options are available to a victim of bullying. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

A student who is appealing a decision for an interdistrict permit approval through the County Office of Education may be eligible for provisional admission to the desired district in grades TK through 12, while continuing through the process of appeal, if space is made available by the desired district, not to exceed two months.

A pupil who has been determined by personnel of either the school district of residence or the district of proposed enrollment to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for interdistrict attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement.

Each school district shall post their interdistrict policy agreements and local district caps on their district and/or school websites. Reasons for approval and denial of interdistrict transfer requests must be updated on the district website according to board policies. The County appeals process will be offered with the final denial in writing by the school district. The County appeal process may take up to a maximum of two months. If you have any questions about the interdistrict process please call the district office at 626-974-7000 or call the County Office at 562-922-6233.

Current Board Policy 5118 defines attendance options available to students.

DISTRICT OF CHOICE

EC 48300/48507. Some school districts may choose to become a district of choice. A school board that elects to operate the school district as a district of choice must determine the number of transfers it is willing to accept and shall accept all pupils who apply to transfer until the school district is at maximum capacity. The school district of choice shall make sure that students are selected through an unbiased and random process that does not take into consideration his or her academic or athletic performance, physical condition, proficiency in English, family income, ethnicity, primary language, literacy, special needs, or any of the individual characteristics listed in Section 200. The parent of a pupil requesting to transfer must submit an application to the school district of choice no later than December 11 of the school year preceding the school year for which the student wishes to transfer. The parent shall be notified in writing by February 15 if the student was provisionally accepted, rejected, or placed on a waiting list for the next school year. A modified application process is available for children of relocated military personnel.

Employment in Lieu of Residency (Allen Bill)

EC 48204. Some school districts may choose to accept employment in lieu of residency. A school district allows a student to have complied with the residency requirements for school attendance in the district if at least one parent/guardian of the pupil is physically employed within the boundaries of that district for a minimum of ten hours during the school week. Once admitted to residency, the pupil's transfer may be revoked only if the parent ceases to be employed within the boundaries of the district. As a resident, the student does not have to re-apply for the transfer to be valid.

PC 308. The Covina-Valley Unified School District prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. ENDS are often made to look like cigarettes, cigars and pipes, but can also be made to look like everyday items such as pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code. Section 308 of the Penal Code also states that every person under 18 years of age who purchases, receives, or possesses any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, tobacco products, or any controlled substance shall, upon conviction, be punished by a fine of seventy-five dollars (\$75) or 30 hours of community service work.

EMERGENCY TREATMENT FOR ANAPHYLAXIS

EC 49414. Requires school districts, county offices of education, and charter schools to provide emergency epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors to provide emergency medical aid to persons suffering or reasonably believed to be suffering from a life-threatening severe allergic reaction (anaphylaxis). Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex

or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to EC 49414 now require school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history.

EC 48900.5. LIMITATIONS ON IMPOSING SUSPENSIONS

Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons.

EC 48915. CIRCUMSTANCES FOR RECOMMENDING EXPULSION

(1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

 - (3) Is not housed at the school site attended by the pupil at the time of suspension.
- (d) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:

- (e) The governing board shall refer a pupil who has been expelled pursuant to subdivision (b) or (c) to a program of study, which meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may

Suicide Prevention Policies:

Local Districts were required by California law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades 7 to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all staff educators is to keep a safe place to learn, free from harm to any of our students.

WILLIAMS COMPLAINT POLICY & PROCEDURE

EC 35186. Every school must provide sufficient textbooks and instructional materials. Every student, including English learners, must have textbooks or instructional materials, or both, to use at home or after school. School facilities must be clean, safe, and maintained in good repair. There should be no teacher vacancies or mis-assignments. If a school is found to have deficiencies in these areas, and the school does not take corrective action, then a complaint form may be obtained at District Office. Parents, students, teachers or any member of the public may submit a complaint regarding these issues. However, it is highly encouraged that individuals express their concerns to the school principal before completing the complaint forms to allow the school to respond to these concerns.

CAMERA SURVEILLANCE on SCHOOL PROPERTY

PC 647 (j). For the safety of our students, staff and visitors, the School District employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time.

Surveillance cameras will generally be utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums during public activities; cafeterias; and supply rooms. However, it is not possible for surveillance cameras to cover all public areas of District buildings or all District activities.

District surveillance cameras will not be installed in “private” areas such as restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is given), or classrooms.
