2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The Las Palmas Middle School community, located in the western section of the City of Covina, is a member of the Covina-Valley Unified School District. In the 2021-22 school year, the school served 788 students in grades 6th, 7th, and 8th. 12.7% of the students are categorized as English Language Learners (ELL) with the majority speaking Spanish, and 43.2% are categorized as Reclassified-Fluent-English-Proficient (RFEP). The makeup of the Las Palmas population is: 85% Hispanic, 6% Caucasian, 1% African American, 2% Filipino, 2% Asian. In addition, 79% are recipients of Free and Reduced Lunch (FRL) and classified as socially economically disadvantaged (SED). Las Palmas became a Title I School in the 2016-17 school year.

Las Palmas is an AVID National Demonstration School and is one of a few middle schools with that designation in Los Angeles County. Our critical priorities are centered around reading comprehension for all our students. We are working schoolwide to develop common assessments to measure reading comprehension across all courses, including PE and electives, to support raising our students reading comprehension. Our instructional focus is stated as the following this year: Las Palmas community will work together to ensure that all students show measurable growth in reading comprehension, through the implementation of AVID reading strategies which can be measured by Accelerated Reader, SBAC, and other common assessments. This is our twelfth year of implementing the AVID (Advancement Via Individual Determination) program at Las Palmas, and we accomplished our goal of becoming a National Demonstration School with a three year validation. This is a systemic approach designed to support students and educators as they increase school/district-wide learning and performance. AVID is offered as an elective for all three grade levels. This course provides students with rigorous curriculum and a guided college preparatory path to increase their enrollment in a four-year college. AVID develops students to be responsible, educated learners, and leaders who are participants in a democratic society. Students are encouraged to participate in the school's additional academic and extracurricular activities that are an integral part of the educational program. These schoolwide and classroom incentives promote a welcoming climate and positive attitude, encourage achievement, and aid in the prevention of behavioral problems. Las Palmas Middle School offers Renaissance, which is an academic recognition program, along with other extracurricular and enrichment activities, clubs, and programs, including WEB, a peer mentoring program for our incoming 6th graders. English Language Learners (ELL) receive instruction from appropriately credentialed teachers who increase language acquisition by providing differentiated English Language Development (ELD). Students with special needs receive additional assistance, which may include enrollment in Specialized Academic Instruction (SAI).

The Professional Learning Communities (PLC) of Las Palmas have developed SMARTe (Specific Measurable Achievable Realistic Time-based, Everyone) goals that help the faculty to maintain focus, ensuring all students are learning and achieving

2023-24 School Description and Mission Statement

according to the schoolwide goals and plan. Using the SMARTe goal process, teams of teachers examine and utilize assessment data to drive: the establishment of goals, research, implement new instructional practices and create interventions to increase student performance. A Response To Intervention (RTI) has been implemented by the PLCs both in Math and ELA. The pyramid model describes three tiers of intervention practice: a universal promotion for all children, secondary preventions addressing the intervention needs for children at risk, and tertiary interventions needed for children with persistent learning challenges. (See RTI charts for specific interventions.) These interventions include Math/ELA interventions at each grade level providing guided study and placement that is based on common interim assessments. Our after-school support is a resource for students that is a quiet study place and a technology center with consistent access to an instructor four days a week.

Las Palmas teachers, staff, and administrators have been working closely with Focused Schools to develop goal and an instructional focus in order to improve student achievement. Las Palmas has committed to using critical reading strategies in all subject areas and at all grade levels. This school year, professional development has focused on these strategies with follow-up on a regular basis.

LAS PALMAS VISION AND MISSION STATEMENT

Las Palmas Middle School staff is proud to announce our AVID National Demonstration School distinction, we are one of three middle schools in all of Los Angeles County that received National Distinction. We at Las Palmas will provide a positive, safe and caring environment, which promotes lifelong learning, intellectual curiosity, encourages creativity, and provides a balance between teamwork and independence. We are committed to working collaboratively in ongoing processes of collective inquiry and action research in order to achieve better results for the students we serve. We will meet the varied learning needs with our AVID schoolwide focus and interest of our diverse student body and serve as a catalyst to strengthen community partnerships, maximizing opportunities for all students to reach their greatest potential. Students will demonstrate how to analyze, apply, and articulate their learning across all content areas.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Covina-Valley Unified School District ensures that textbooks and materials are sufficient, current and available for each student in all core classes. Covina-Valley Unified School District held a Public Hearing in the fall of 2023 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, and science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English Learners are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom or to take home. The governing Board approves all textbook adoptions for grades TK-12, which includes verification that instructional materials are aligned with California Content Standards and the State Frameworks.

School Facility Conditions and Planned Improvements

Las Palmas Middle School was built in 1959 and modernized in 1994. School facilities are situated on 17.5 acres and span more than 74,000 square feet. They consist of permanent and portable classrooms, a multipurpose room, a library, administrative offices, restrooms, and storage rooms. In July 2008 parking lots and sport courts were patched and slurry sealed, and traffic/parking and sport court markings were painted. The entire interior of the cafeteria was painted, shade structures and picnic tables were added. Work on the new Library Media Center began in the fall of 2008 and in September 2009 it was completed along with a new digital marquee. The facility strongly supports teaching and learning through its ample classrooms and playground space.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and the community are supportive of the educational program at Las Palmas Middle School. Parents have the opportunity to join our PTA that is dedicated to supporting students. Our school's School Plan for Student Achievement and budget approvals are made by our School Site Council, which is comprised of parents, students and school staff members. In addition, we have an English Language Advisory Committee for parents of English Learners. A Renaissance Booster Committee meets regularly with the Renaissance coordinator to plan various activities and fundraisers in order to recognize students for their academic achievements. The school holds many events throughout the school year in which parents and community members can participate. These events include our Open House, Back-to-School Night, EL and/or AVID Potluck, and Report Card Night.

Parents who wish to participate in Las Palmas Middle School's leadership teams, school committees, school activities, or become volunteers may contact school office personnel at (626) 974-7200.

2023-24 School Safety Plan

Safety of students and staff is a primary concern at every school throughout the District. Each school complies with laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted regularly throughout the school year. Each school annually participates in the "Great California ShakeOut". The school's Safe School Plans are reviewed annually by a law enforcement officer (usually our School Resource Officers from West Covina and Covina Police Departments). The document is "fluid" and updates are completed as needed. For example, updates are completed if a school discipline policy is added or modified, changes are made to the campus map, additions and/or modifications are made to the telephone trees, etc. All visitors must check in at the school office and wear a visitor badge while on school grounds. During lunch, recesses, and before and after school, staff members supervise students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment.

The Comprehensive School Safety Plan was developed by administrators, other school staff members, and Los Angeles County Office of Education staff members. It is reviewed, approved, and evaluated by the School Site Council in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include the following: child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policy, and suspension and expulsion policies. The plan is reviewed annually with school staff. An updated copy is available to the public at the school and District Office.
