Covina High School basketball camp provides a strong foundation for beginners and a very strong challenge to advanced players. A passionate and experienced staff will give detailed attention to individuals in the areas of ball handling, passing, dribbling, footwork, defense, shooting, and rebounding.

Our teaching emphasis is bigger than basketball. We also teach team play, positive communication and work ethic. In addition to skill development, the summer camp will also include a lay-up contest, free throw contest, shooting contest, team competitions and one-on-one championships. We will also have guest speakers of former and present college players.

Our experienced coaches and camp counselors have been selected because they know and love the game of basketball, along with their proven ability to effectively teach the game. We look forward to working with you at our Covina Basketball Camp and remember at Covina “Tradition never graduates.”
