Each page, or part thereof, claimed to be exempt from disclosure must be clearly identified by the word “confidential” printed on the lower right hand corner of the page.

2. An assertion by a Bidder that all or part of its Bid is exempt from disclosure will not be honored. If the DISTRICT receives a Public Records Act request that includes any document marked as confidential by the Bidder, the DISTRICT shall notify the Bidder prior to disclosure. The DISTRICT will include all responsive documents in its response to the Public Records Request unless the Bidder signs an agreement stating it will indemnify and defend the DISTRICT against any action arising from the DISTRICT’s failure to disclose any of the Bidder’s documents.

3. Y. PREVAILING WAGE RATE

The bidder shall be solely responsible for determining the wage requirements applicable to all employees hired by bidder pursuant to this agreement. If a Bidder desires to protest the selection decision, the Bidder must submit a written protest **via registered mail** within five (5) business days after the delivery of the notice about the decision. The written protest should be submitted to Robin Harbert, Purchasing Supervisor, as outlined below. Protests received after the deadline will not be accepted. Protests must be in writing, must include the name and address of the Bidder, and must state all the specific ground(s) for the protest. A protest that merely addresses a single aspect of the selected Bid (for example, comparing the cost of the selected Bid in relation to the non-selected Bid) is not sufficient to support a protest. A successful protest will include sufficient evidence and analysis to support a conclusion that the selected Bid, taken as a whole, is an inferior Bid.

DISTRICT will respond to a protest within ten (10) business days of receiving it, and the DISTRICT may, at its election, set up a meeting with the Bidder to discuss the concerns raised by the protest. The decision will be final. The protest letter must be sent **via registered mail** to:

before payment will be authorized. CONTRACTOR shall assign hours and prepare a billing consolidation, which shall be the basis of charge for all regular school days. Route standards will be calculated for routes, which are run on an irregular basis. Once approved by the DISTRICT's Designee, any changes which are not authorized by the DISTRICT's Designee(s) will constitute a change in billing and will not be paid by the DISTRICT.

For the first two (2) weeks of the academic year for each LEA, as defined by the DISTRICT approved calendar, the hours established effective on the first day of school shall be the only basis of change for all regular school days. Consolidation changes, additions and deletions will not change the billing computation for the first two (2) weeks for each LEA; however, cancelled routes will be deducted from the billing computation. Therapy and Vocational Education activities will not be included in the initial billing unless that activity starts on the first day of school.

After the first two (2) weeks for each LEA, the established hours will be revised to reflect actual route time. Thereafter, an accounting adjustment will be made with each route change. The CONTRACTOR shall provide a monthly accounting summary report within ten (10) working days, in arrears, to the DISTRICT's Designee(s). This report shall summarize routes by time, by day and also reflect changes to route assignments and penalties assessed by the DISTRICT's Designee(s). Billing information will be separated by student's District of Residence. Billing will also include the students identified by route, in an Excel format. The DISTRICT's Designee may change the monthly accounting summary report within fifteen (15) days of the date received if the summary does not accurately reflect the services received by the DISTRICT or the charges justified by the CONTRACTOR. Differences between actual hours and the established hours will be reviewed and retroactive adjustments will be made as required.

Following initial review and approval, CONTRACTOR shall not add buses or routes except as authorized in writing in advance by DISTRICT.

The Minimum Daily Rate for each bus will not apply to those driver consolidations that are not assigned a permanent driver and will be billed for actual time at the excess hour rate until a permanent driver (not a cover driver) is assigned.

Hours in excess of the Minimum Daily Rate for each bus shall be reimbursed at the excess hourly rate. If the ending time of a noon route only allows the driver sufficient time to reach their first afternoon route, time will be paid straight through. In all other cases only actual live time will be paid. If the first pick-up in the a.m. or the last drop-off in the p.m. is absent and four (4) hours' notice is given to the CONTRACTOR, that time will be deducted from the billing computation.

The CONTRACTOR shall prepare an additional billing consolidation for holidays and other special days.

21. CANCELLED ROUTES OR DAILY SERVICE. The DISTRICT shall not be obligated to accept or pay for any route herein agreed to be furnished by the CONTRACTOR on any day transportation is not needed, provided the DISTRICT's Designee(s) has notified the CONTRACTOR no later than four (4) hours before the route was to be run. However, the DISTRICT will pay the 4 hour minimum Daily Rate for each consolidated route. The DISTRICT reserves the right to use drivers and buses of cancelled routes for other purposes (i.e., field trips, route evaluations, etc.) on the days the route is cancelled.

22. UNSCHEDULED CLOSING OF SCHOOLS. The DISTRICT shall not be obligated to accept or pay the 4 hour minimum Daily Rate on those days when, by the direction of the DISTRICT, or by any other lawful mandate, DISTRICT classes or schools are closed to ensure the health and safety of the students or for any other lawful reason. The DISTRICT's Designee(s) shall notify the CONTRACTOR immediately upon notification of such closure.

23. OTHER DAYS. "Other" days are those days when school is not in full session. On such "Other" days, as designated by the DISTRICT's Designee(s) the number of buses and the type of service shall be on an "as-requested" basis. A separate billing consolidation will be prepared on such "Other" days.

24. DAMAGES ON FAILURE TO PROVIDE SERVICE. It is agreed by the CONTRACTOR and the DISTRICT that due to the nature of the services to be rendered it would be impractical and extremely difficult to fix the actual damage caused by a failure to provide service under the Agreement. Accordingly, the DISTRICT, at its sole discretion, shall have the right to assess as penalty the amount(s) set out below, in addition to the rights and remedies granted to the DISTRICT for deficient performance:

a. \$200.00 (Two hundred dollars) shall be assessed for each morning route consolidation, or part thereof, that is 15 minutes or more late (routes starting in the morning)

b. \$200.00 (Two hundred dollars) shall be assessed for each midday route consolidation, or part thereof, that is 15 minutes or more late (routes starting midday.)

c. \$200.00 (Two hundred dollars) shall be assessed for each afternoon route consolidation, or part thereof, that is 15 minutes or more late (routes starting in the afternoon)

d. In addition, failure of the CONTRACTOR to provide the DISTRICT's Designee(s) immediately or within a reasonable time, as dictated by the nature of the occurrence or incident, complete and accurate information relating, but not limited to, late routes, routes covered by stand-by/cover drivers, accidents, shortage of spare buses or the failure to use properly equipped buses as required by this Agreement, will result in an assessment of liquidated damages of \$200.00 (Two hundred dollars) per day and continuing at said rate for so long as CONTRACTOR fails to meet the requirements of this paragraph.

e. An additional penalty of \$100.00 (One hundred dollars) will be assessed if lateness is a result of insufficient drivers or spare buses.

f. At the beginning of each academic year, the CONTRACTOR shall have a period of six (6) weeks in which no penalties will be assessed.

g. Prior to assessing any penalties, the DISTRICT shall allow the CONTRACTOR five (5) days in which to correct the deficiency, which has led to the potential penalty. Notification of failure to provide service need only to be given once. The CONTRACTOR will be held responsible for deficiencies throughout the contract year.

Assessment of such penalties by the DISTRICT shall in no way relieve the CONTRACTOR of its obligation to provide spare buses and certified drivers sufficient to cover all interruptions in service to the DISTRICT due to failure of equipment or lack of personnel.

25. ADJUSTMENT OF RATES The rate for service as specified in this Agreement shall be subject to increase or decrease once each year, commencing August 1, 2017, and each August 1 thereafter. The rate shall change in accordance with the percentage of change that occurs in the California Consumer Price Index for "All Urban Consumers" Los Angeles, Riverside, Orange Co. annual average for the twelve month period ending May 31th of that year.

26. ROUTES AND SCHEDULES. CONTRACTOR shall work with DISTRICT to develop specific bus routes, schedules, pick-up/drop-off locations, loading/unloading zones and times for all Local Educational Agencies receiving services pursuant to this AGREEMENT (the "Schedule Routes"). All routes for home to school transportation shall be planned to ensure no student is on the bus for greater than

60 minutes unless prior express written permission from DISTRICT is obtained. CONTRACTOR shall submit proposed Schedule Routes for the DISTRICT's review and approval for every Local Education Agency that is to receive services by CONTRACTOR along with confirmation that each scheduled route meets the 60 minute or less requirement. The Schedule Routes shall be separated according to Local Education Agency so each participating Local Education Agency will have a set of self-contained Schedule Routes for their students. All Scheduling Routes and related information provided by CONTRACTOR shall clearly indicate the school and Local Education Agency attended by each student. Upon written approval of the DISTRICT, CONTRACTOR must ensure the Schedule Routes are followed by all drivers without exception or deviation. DISTRICT reserves the right to request revisions to the Schedule Routes throughout the term of the Agreement as deemed necessary and add special routes for special events or address special needs. Following initial review and approval, CONTRACTOR shall not add buses or routes except as authorized in writing in advance by DISTRICT.

If the CONTRACTOR is asked to travel on a public road or enter private property that in the opinion of the CONTRACTOR endangers DISTRICT students, personnel or equipment, the DISTRICT's Designee(s) must be notified immediately. The CONTRACTOR shall send safety and training personnel to evaluate the area and immediately provide a written assessment of the public road or private property to the DISTRICT.. DISTRICT reserves the right to require CONTRACTOR to provide an alternative route if the route is determined to be dangerous. However, DISTRICT's approval of any route shall in no way be construed as relieving or altering CONTRACTOR's indemnity requirements as set forth in Section 7 herein.

The CONTRACTOR shall provide the DISTRICT with route masters, which list all students to be transported, at least two (2) weeks prior to the first day of each academic session. The route masters shall include: the name of each student, the school district/LEA that the student attends, the order of pickup or delivery, pickup or delivery address, the school and program to which the student is assigned, the arrival and departure times of the assigned routes, the size and type of student equipment, and an indication of whether or not the student requires special handling.

The CONTRACTOR shall notify the parent(s) or guardian(s) of each student, no later than one (1) week prior to the beginning of the school year, of the time and location of pick-up and drop-off .

Final routes, will be provided to the DISTRICT no later than two (2) weeks before school starts. The DISTRICT's Designee(s) reserves the right to change school hours, routes, consolidations and schedules at any time provided that the CONTRACTOR will be given at least three (3) days prior written notice. During the first month of school, the CONTRACTOR recognizes that numerous changes in routes and schedules may be required and will cooperate with DISTRICT's Designee(s) to implement required changes as quickly and orderly as possible.

All routes must originate from the CONTRACTOR's home office and drivers may not start routes from their personal homes or another location. Prior to the beginning of the route, CONTRACTOR staff (and not the driver) must inspect and certify that the bus is suitable for service by inspecting the condition of the bus and ensuring all equipment required for transportation services by this Agreement are operational on the bus. CONTRACTOR must also ensure the driver is in proper condition to provide transportation services by checking to ensure the driver is able to provide driving and all associated services required by this Agreement, including but not limited to, ensuring the driver is not under the influence of any medication, drug, or suffers from any condition including sickness or lack of sleep, that may affect their ability to provide driving or the transportation services required by this Agreement. If CONTRACTOR determines any vehicle or driver is not fit for service, CONTRACTOR shall provide a replacement to immediately meet its contractual and service requirements and shall not be excused from any resulting delay. CONTRACTOR shall indemnify DISTRICT from any harm arising from CONTRACTOR's failure to provide proper drivers and equipment as set forth in the indemnity requirements in section & and no certification or inspection

performed by CONTRACTOR shall release CONTRACTOR from its indemnity requirements.

27. ROUTE BIDS. Since frequent changes in drivers have an adverse effect on the students, bidding for routes among CONTRACTOR's drivers may occur no more than: 1) At the beginning of the School Year; 2) At the beginning of the Extended School Year. Once a driver is assigned to a route, he/she must remain on the route unless the DISTRICT requires a replacement or the driver is no longer able to provide services to the DISTRICT.

28. DRY RUNS. Orientation dry runs - morning, midday and afternoon, will be conducted for all routes prior to the beginning of a new school year and/or extended session and each time a route is changed. Parent information cards including route number, driver's name and pickup/drop off time, will be required for all routes during each dry run. The cost of the dry runs and driver orientation shall be borne by the CONTRACTOR. Each parent or guardian shall receive a route change notification for their student prior to any route change.

29. SCHOOL BUS REQUIREMENTS. The CONTRACTOR shall provide only certified school buses which meet all applicable regulations and laws relating to student transportation in California including all relevant requirements of the California Vehicle Code, Titles 5 and 13 of the California Administrative Code, all applicable rules, regulations and orders of the California Highway Patrol and the California Education Code. DISTRICT desires that at no time shall the age of any bus used exceed the maximum age of age (8) years on August 1 of each year; however, DISTRICT will approve for discussion vehicles up to ten (10) years of age.

All buses must meet or exceed the safety standards for school buses as established by Federal Motor Safety Standards and do not violate the following requirements: All buses shall have tinted windows, AM/FM radios and shall provide forward-facing location for wheelchairs and shoulder straps. All buses provided by CONTRACTOR under this Agreement shall be equipped with air conditioning. Each vehicle must be equipped with a Zonar system or other comparably equipped electronic tracking system. CONTRACTOR shall ensure this system is in working order at all times throughout the contract. CONTRACTOR shall provide access and instruction on system use to one designee per district at the office of the designee. CONTRACTOR shall provide the DISTRICT with any or all reports available from this system as requested by the DISTRICT. Each vehicle must be equipped with a video and sound surveillance

All buses the CONTRACTOR proposes to furnish shall be subject to the approval and acceptance of the DISTRICT. A bus offered which, in the opinion of the DISTRICT, is not suitable for its intended use shall be immediately replaced by a bus of design acceptable to the DISTRICT at no additional cost to the DISTRICT. The DISTRICT's approval or review of any bus shall in no way limit CONTRACTOR's requirements to ensure each bus meets the requirements set forth herein or reduce CONTRACTOR's obligation to indemnify and defend the DISTRICT for any harm arising from its failure to provide proper vehicles as set forth herein.

All buses shall meet requirements of construction as established by Federal Motor Vehicle Safety Standards Numbers 217, 220, 221 and 222 inclusive. The CONTRACTOR must furnish an Inspection Approval Certificate issued by the California Highway Patrol certifying that any bus used in this Agreement is in compliance with said provisions of the Vehicle Code and Regulations of the State Board of Education. The CONTRACTOR agrees that all buses be supplied with a hand-held stop sign for red-light crossing. The CONTRACTOR agrees that all buses shall be in excellent mechanical condition and appearance at all times. The DISTRICT reserves the right to inspect buses and associated equipment at any time during this contract. Buses which are deemed to be unfit for providing the required service or which do not have a current certification shall immediately be replaced by the CONTRACTOR with another bus in proper condition of the appropriate size, type and capacity. All required special education equipment shall be installed on all

such replacement buses.

All buses, including spare buses, identified as being used for the transportation of students under this Agreement, shall be equipped with seat belts, shoulder safety straps, and all safety devices (i.e.: safety vests, buckle guards, belly belts) needed to provide for the safe transportation of riders.

All buses, including spare buses, shall be equipped with 10B:C fire extinguishers, bodily fluid kits, first aid kits and a hand-held stop sign for red-light crossing.

If, during the period of the Agreement, any installation or modification of equipment is required due to a change in the law or applicable rules and/or regulations, such modifications or installation shall be made by the CONTRACTOR without notification from the DISTRICT. The cost of such modification and/or installation shall be borne by the CONTRACTOR and evidence of completion shall be provided to the DISTRICT.

Regular preventive maintenance as approved by the bus manufacturer shall be practiced on all buses. Buses shall be cleaned inside and out as necessary and repairs to visible body damage, inside and out, shall be made immediately after such damage occurs.

30. SPARE BUSES. In order to provide the DISTRICT with immediate service in the event of bus breakdown, the CONTRACTOR will maintain an adequate number of licensed, CHP certified and compliant spare buses with a minimum of ten percent (10%) spare bus factor for each type and capacity, including leased buses. Spare buses are to be idle during the hours of 6:30 a.m. to 9:30 a.m. and 1:30 p.m. to 4:30 p.m. on school days.

Spare buses shall not be dispatched without appropriate student equipment as designated on the route sheet and are subject to all requirements applicable to CONTRACTOR's vehicles as set forth herein. Failure to provide such equipment will constitute a failure to provide service as outlined in DAMAGES ON FAILURE TO PROVIDE SERVICE.

31. COMMUNICATION SYSTEM. The CONTRACTOR shall guarantee that all buses under this Agreement, including spare buses, be equipped with 12.5 kHz efficiency technology in accordance with Federal Communications Commission (FCC) narrow banding regulations for each mobile two-way communication system. The wattage power of the base station and mobile radio units shall be sufficient with ninety-five (95%) operability to a distance of ten (10) miles beyond any boundary of Los Angeles County from the transmitting tower and the frequency band shall be used solely for the DISTRICT. CONTRACTOR shall develop and submit for the DISTRICT's approval a written communication plan in which the CONTRACTOR establishes how all LEAs will be notified of any problems, changes, or delays in any transportation services (the "Communication System"). The Communication System shall ensure all drivers are required to immediately notify the CONTRACTOR of any problem, change or delay in transportation. CONTRACTOR will then relay the information to the DISTRICT. CONTRACTOR shall call the person designated by the DISTRICT to receive messages for the specific LEA until CONTRACTOR speaks to a person who confirms the information has been received by the LEA. CONTRACTOR shall be prepared to work closely with the DISTRICT to implement any new technology upgrades and shall take all steps necessary to ensure the DISTRICT has the ability to communicate with CONTRACTOR and all working drivers at all times.

The CONTRACTOR shall have installed and maintained at its bus yard a direct telephone tie line to the DISTRICT's Transportation Designee.

32. DIGITAL VIDEO/AUDIO CAMERAS AND GLOBAL POSITIONING SYSTEM (GPS)

Each vehicle shall be equipped with at least one fully functioning in-vehicle digital video camera that displays the full interior of the vehicle where students are positioned during transportation. The video camera(s) shall capture and record images and audio, either on the in-vehicle recording unit or in a remote location, which must be copied/retained by the Contractor (and reviewable immediately upon demand by DISTRICT) for at least 30 days.

33. LOCATION OF EQUIPMENT. The CONTRACTOR shall maintain the necessary equipment for performance of the work to be done at agreed-upon locations within Los Angeles County.

34. CONTRACTOR REPORTS. The CONTRACTOR agrees to provide the DISTRICT with periodic reports and studies, as requested by the DISTRICT's Designee(s) including, but not limited to, the following information. All reports shall be organized and separated by the Local Education Agency receiving services so each Local Education Agency will receive a report including all information related to their students as District of Residence. Any information related to individual students will indicate the Local Education Agency that the student attends. The reports discussed herein shall also include all information necessary to meet CONTRACTOR's LEA Billing requirements, as set forth in Section 19 above, including all student information required or requested by the DISTRICT throughout the Agreement. DISTRICT, at its sole discretion, may request further information or changes to CONTRACTOR's services based on the provided reports. However, DISTRICT's acceptance of any report shall in no way be construed as making the DISTRICT liable for any information provided in the reports nor shall submission of any report be construed as limiting, changing, or eliminating CONTRACTOR's obligation to defend and indemnify the DISTRICT for any harm or claim resulting from CONTRACTOR's services, as set forth in Section 7 herein.

- a. Provide reports on a daily basis notifying the DISTRICT's Designee(s) of any deviations or changes from any route, for missed trips and routes driven by cover drivers, or combined/split routes.
- b. Provide computerized monthly bus utilization and employee (bus driver) timesheet information in a format specified by the DISTRICT's Designee(s) which will permit the DISTRICT's Designee(s) to verify routes actually run by each bus and driver and to compare this information to the routing and billing information generated by the DISTRICT's Designee(s) routing system.
- c. Bi-monthly driver time checks including live time and deadhead as well as city of residence.
- d. Access to copies of driver route notices and files.
- e. Copies of all California Highway Patrol Approval Inspection Certificates and reports on buses and the terminal.
- g. Notification of hazards or obstacles as observed by the CONTRACTOR personnel along routes and schedules provided by the DISTRICT's Designee(s).
- h. Monthly listing of assigned bus number to assigned driver.
- i. Yearly mileage report for all buses used to transport students under this Agreement.

35. BUS DISCIPLINE. School bus drivers are responsible for rider discipline on their buses in

accordance with CCR, Title 5, Section 14103 and any Administrative Regulations to be provided by the DISTRICT. Said Administrative Regulation may establish the procedure to be followed in the event of incidents of misconduct on the part of a student. No student transported under this Agreement is to be suspended from transportation services except by the DISTRICT's Designee(s) according to Education CODE 48911(a) (h).

The procedure to be used with any student transported under this Agreement for any disruptive occurrence while in transit is for the driver to radio for special instructions from the DISTRICT's Designee(s) and the student's school principal. Upon the occurrence of a student seizure, the driver is to immediately notify the DISTRICT'S Designee(s) and student's school principal, and wait for instructions. Upon completion of a route when such instruction has been required, the driver must complete an incident report that must be delivered to the DISTRICT's Designee office within twenty-four (24) hours. Incident reports must also be completed by any driver who experiences a problem and cannot identify an individual for citation on the day of the incident or, if not possible, by 12:00 p.m. the following day. The CONTRACTOR will report serious or persistent student misconduct to the DISTRICT's Designee(s). The DISTRICT's Designee(s) or authorized DISTRICT personnel, as appropriate, shall then impose reasonable disciplinary measures upon the students as referenced above.

36. TERMINATION OF AGREEMENT.

A. For Convenience. The DISTRICT may terminate this Agreement, at any time during its term, without cause, upon twenty (20) days written notice to t h e CONTRACTOR. Upon termination without cause, the DISTRICT shall issue payment to CONTRACTOR for all services provided and received by the DISTRICT prior to the date of termination to be determined by the DISTRICT. The DISTRICT may also unilaterally revise the services provided by the CONTRACTOR through written notification and may hire additional and separate entities to provide transportation services upon the reduction of the CONTRACTOR's services. CONTRACTOR shall not be entitled to any additional fee or payment, if the DISTRICT terminates the Agreement or revises the CONTRACTOR's services pursuant to this section.

B. For Cause. The DISTRICT may terminate this Agreement upon written notification if CONTRACTOR fails to provide any services or meet any requirements set forth herein or if the CONTRACTOR, or any of its drivers, violates any law or regulations applicable to its services. In the event of termination for cause, in addition to the remedies and damages set forth herein, CONTRACTOR shall be liable for all damages and costs incurred by the DISTRICT to address CONTRACTOR's failure to perform.

C. In the event of a dispute between the Parties as to performance of CONTRACTOR's services or the interpretation of this Agreement, or payment or nonpayment for services rendered or not rendered, the Parties shall attempt to resolve the dispute. Pending resolution of this dispute, CONTRACTOR agrees to provide all services required by this Agreement unless instructed by DISTRICT in writing to stop any services. If the dispute is not resolved, CONTRACTOR agrees it will neither rescind the AGREEMENT nor stop services, but CONTRACTOR's sole remedy shall be to submit such controversy to determination by a court having competent jurisdiction of the dispute, after the Agreement has been completed, and not before. The Parties may agree in writing to submit any dispute between the Parties to arbitration.

37. NO WAIVER OF DEFAULT. The omission by either party at any time to enforce any default or right reserved to it or to require performance of any of the terms, covenants or provisions hereof by the other party at the time designated shall not be a waiver of any such default or right to which the party is entitled nor shall it in any way affect the right of the party to enforce such provisions thereafter.

38. DISPUTE RESOLUTION. The parties agree to meet and confer in good faith on all matters and

disputes under this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the date and year first above written.
